## 30 Art Exhibitions to View in N.Y.C. This Weekend

July 25, 2019

*Our guide to new art shows and some that will be closing soon.*

**‘MUNDOS ALTERNOS: ART AND SCIENCE FICTION IN THE AMERICAS’** at the Queens Museum (through Aug. 18). For this exhibition, the museum remixed a show that originally appeared on the West Coast as part of Pacific Standard Time: LA/LA. From Alex Rivera’s 2008 feature film “Sleep Dealer” to Glexis Novoa’s tiny, dreamy cities doodled directly on the museum walls, it’s an impressively broad sample of styles and sensibilities from every corner of the New World. Throughout, its focus on science fiction amplifies and exemplifies the way art illuminates reality by imagining the unreal. (Heinrich)
